1. Progress reports on tasks assigned by the DCI/DDCI:

None.

2. Items/events of interest:

a. Much extra effort and coordination by the Office of Personnel and Agency components resulted in the successful processing of over 300 pay adjustment actions to implement the approved engineering and scientific pay schedules.

b. Preliminary statistics on the Office of Personnel EEO Summer Fellowship Program for the summer of 1985 show a strong applicant response from the 51 historically black colleges and universities represented. Of the 125 applicants, 75 have a Ph.D., 49 have a master's, and 1 has a bachelor's degree. Resumes have been sent to Directorate EEO officers for initial screening and selection.

c. Interest in the Summer-Only Program is high with 487 requests for application forms having been received for the 1985 program. The Summer-Only Program provides clerical work and a security clearance to the SECRET level for dependents of overt Agency employees.

d. The Office of Personnel (OP) was notified by the State Department Passport Office that, because of the lack of help and machine breakdowns, a backlog of passport applications had developed and 5,000 applications were being sent to Philadelphia for processing. OP reports that passports are about six or seven weeks behind. This is the first time applications have been sent out for processing. No cover or security problems are foreseen.

e. Two Office of Security officers traveled to Glynco, Georgia on 29 and 30 October to continue to make arrangements for the first police training course to begin on 5 December for Agency Security Protective Officers. Approximately 25 Security Protective Officers have been selected to attend the course.

DCI Weekly

Office of the Inspector General

On 30 October 1984, we presented our final report on the investigation of the [redacted] to the DCI with a number of recommendations for changes in our system and a number of recommendations for administrative disciplinary actions against the key players involved. We have also drafted for the DDA a suggested Employee Bulletin to be issued after the individuals who are to be disciplined have been notified.

The final draft reports of the inspections of CPAS/DI, EUR/DO, DND/Commo, and ORD/DS&T have been sent out to the components for their review and response. We hope to have all responses back by the third week in November. The inspections of OC/Headquarters, CMS/DO, OTE/DA, OSO Part 2, and the Difficult Personnel Handling Cases got underway as scheduled on 1 November.

As you know, you have called for an examination of ways and means to find and develop additional DO case officers. We are assembling some thoughts and will meet with you next week to ensure that our terms of reference are acceptable to you.

Academic Relations and Presentations

Ev Hineman will address the Diamond Head Chapter of AFIO in Honolulu on 6 November per our request.

Forty graduate students--Columbia University International Fellows--in law, journalism, business, finance, history and political science visited here on 19 October for a series of topical briefings. Bob Gates kicked off with what was scheduled to be a 15-minute introduction; he stayed 40 minutes in dialogue with this very lively group. Each of the three topical speakers-- [redacted] on Soviet leadership, [redacted] on the Soviet economy and [redacted] on international terrorism--also were extended in their times, with the result that the program ran an hour longer than scheduled. The visitors, some of whom were highly antagonistic in the beginning, expressed amazement and gratification at the willingness of our senior people to speak so spontaneously, informatively and extensively. Good session.

[redacted] traveled to Princeton University on 15 October to lecture on "The Role of Intelligence in Policymaking" at the Woodrow Wilson School. This was followed by informal discussions with students about career opportunities in the Agency. This, too, went well.

The Alumni Office at LaSalle University in Philadelphia requested that CIA join the university in sponsoring a symposium in Philadelphia on the Middle East in honor of Bob Ames, a LaSalle alumnus. [redacted] of the DI, also a LaSalle alumnus, has been in contact with the university about this.

INR this week approved a proposal, "Formulation of Trade Policy in Seven Lesser Developed Countries," but at the direction of the U.S. Embassy in Mexico City, rejected that portion of the project pertaining to Mexico. This is the second instance within three months in which our Embassy there rejected a CIA research proposal. The earlier instance, relating to field research to determine political attitudes in Southern Mexico, caused quite a stir in DI/ALA and led to a personal appeal and visit to the Ambassador in Mexico City who turned it down with considerable asperity, we are told.

[redacted] and an OTE representative lectured to Lawrence Livermore National Laboratory in California on 18-19 October at the Laboratory's request.

Other briefings also included:

- Eight liaison officials [redacted]
- Albright College faculty/student group
- NSA Legislative Liaison Officers

#### Publications Review Board

Review of material intended for a book written by Stansfield Turner continues to dominate PRB activity. In his latest chapter he recounts the details of an operation involving surreptitious entry and document theft. Although he fictionalized the names of the people and countries involved, the PRB objected on the basis of disclosures potentially damaging to diplomatic and liaison relationships and intelligence methods. Turner is evidently under pressure from his publisher to add some sizzle to the steak.

He has also asked for the release of President Carter's letter to him demanding better political analysis, for a couple of unclassified studies, and for a copy of his cable to the field instructing everyone to disassociate themselves from Edwin Wilson--all to serve as book illustrations. We anticipate no problems in releasing these materials.
